

## Harrington PDA Fiber Network

This new network will connect to the existing NoaNet fiber system for upstream Internet services. This connection is in place at Harrington City Hall. From city hall fiber cables will be ran to all buildings in the adjacent blocks. One gigabit wireless "Air Fiber" will be installed to connect city hall to the Studebaker shop. From the Studebaker shop fiber will be ran to all buildings in the adjacent blocks. Approximately 16 buildings will have this fiber available for Internet service.

Buildings south of city hall block will use a 100Mbps high speed wireless to access the PDA system. There are approximately 4 buildings where this system will be available for Internet service.

Customer installations will be charged an installation fee of \$150.00 this will cover the necessary parts required at each business location.

Internet services available on the PDA network,

10Mbps Up/Down \$39.95/month

20Mbps Up/Down \$59.95/month

50Mbps Up/Down \$89.95/month

100Mbps Up/Down \$169.95/month

1Gbps Up/Down (1,000Mbps) \$1525/month

All speeds above are an Up To service, these speeds are the maximum speed. Dedicated bandwidth is available and quoted individually. Prices are based on bandwidth requirements.
